## 2015, The Year of The Habitat House

*“2015 is a very special year for Safe Harbor Title. The Safe Harbor calendar is celebrating “The Year of The Habitat House.” We are so very proud and excited to build a home with our friends for a deserving family whose dream of living in their very own home will no longer be a dream, but a reality. The same holds true for Safe Harbor Title as our dream of building a home for a family in need will no longer be a dream, but a reality. There are so few opportunities in life to be involved with something that benefits all who allow themselves to be touched by the spirit of giving and hope.*

*We encourage you to peruse the two recent newsletter articles regarding the simple beginning of Safe Harbor Title’s dream to provide a home for God’s children and help make the world a better place.”*

*Please...read on, may the spirit take you!*

WE MAKE A LIVING BY WHAT WE GET, BUT WE MAKE A LIFE BY WHAT WE GIVE.  
-WINSTON CHURCHILL

Summer Newsletter 2013

### Safe Harbor...

to build an Ark... well not exactly, but close

Safe Harbor Title is pleased and proud to announce a working partnership with Habitat for Humanity in building a home for a family in need, fulfilling a long standing goal of the Safe Harbor family and their fearless leader.

We are excited and grateful to have the opportunity to make a positive impact in people’s lives here in Suffolk County, contributing to the greater good of the community at large.

Habitat for Humanity is a wonderful organization of dedicated individuals who make this possible. For 25 years Habitat for Humanity of Suffolk has worked in partnership with thousands of Suffolk County volunteers

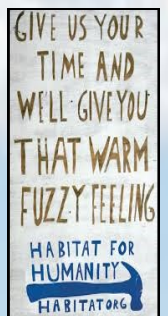

building over 165 homes to date. Habitat Suffolk’s goal is to build 12 to 15 homes per year. We would like to help

them meet their goal.

Over the years Safe Harbor Title has eagerly accepted the responsibility to support our community and help make the world a better place by doing our part. Helping people is engrained in our fiber, the seeds planted many years ago.

When I was a young boy, maybe nine or ten, my Father one day gave me a small wooden cross, brightly painted with vibrant designs. I was honored that Dad gave the prize to me and not one of my brothers or sisters. I asked later that day where he had gotten the cross and that I thought it was cool. He told me about an Indian school out west that sent him the cross as a thank you for Dad donating money to the school to help them survive and grow. I never

Spring Newsletter 2014

## Habitat House Update

It was springtime 2013 when Safe Harbor Title proudly announced its working partnership with Habitat for Humanity by agreeing to underwrite the cost of building a home for a family in need. As of spring 2014, a date to commence construction has not been officially set, nor has the property been decided upon. We have patiently moved forward with plans for breaking ground as our initial wish was to do so concurrently with a much expected, long overdue economic rebound. So keep your ear to the ground, eye to the wise in anticipation of the breaking news as we move forward and begin to recruit workers for the project.

If you are interested in lending a hammer and being an integral part of the work crew, we encourage you to please let us know. We welcome all to be a part of our goodwill venture; it feels good to help those in need. The initial wall raising calls for 15 workers, completing the construction of the home requires 10-12 work days where the motto is "the more the merrier". Grab a hammer and join in the rewarding and uplifting experience.

Recently we were approached by a friend and valued client concerned that Safe Harbor was soliciting donations from clients in most challenging economic times. He was sincerely concerned that the company could be making a poor public relations decision. We are grateful he cared. We quickly set the record straight by assuring him that Safe Harbor is financially underwriting the entire house and is not seeking donations from friends. However, if anyone feels so empowered, Habitat for Humanity is a wonderful organization and most deserving of your support. This house is on us! Join the fun, bring the kids, feel the energy and share in another's dream.

The friends of Safe Harbor through their continued support are truly the people responsible for building this home for God's children. Thank you for allowing Safe Harbor Title the privilege of helping a family in need and keeping a dream alive.

Hi ho, hi ho, it's off to work we go..... 😊

"We welcome all to be a part of our goodwill venture; it feels good to help those in need."

*"This is God's work. It makes blisters and it makes sweat, but it's worth my time and it's worth your time. Working together as God's people in the world. I don't know of anything more rewarding."*

Millard Fuller, Founder & President  
Habitat for Humanity International

### Summer Newsletter 2013 Continued

forgot that cross or that Dad wanted to help people in need. He was always for the underdog. Recently while browsing in an upstate Antique shop, I came across what I believe to be the same type cross that Dad gave me. I was overcome with emotions... I bought the cross immediately. I wait with great anticipation for the day I can proudly place that cross in the walls of the house we are sponsoring sometime before completion. A testament to my Father and how a small Indian trinket some 40 plus years ago impacted one life which in turn impacted another... Small things that we sometimes believe to be insignificant can play a huge part in the quality of our lives, and the lives of others.

The house will be proudly dedicated in my Father's memory. There will never be enough ways to thank my Father for what he gave me during his life but Dad... I'm trying!

We encourage anyone who would like to sling a hammer and be a part of the construction team to please let us know. We will keep all updated as we proceed laying out the game plan and breaking ground.

We would like to thank all the fine people who have supported Safe Harbor through the years for allowing us the opportunity to build a house for God's children. We all have a hand in the building of this home. Thank you for being you!

Hi Ho Hi Ho it's off to work we go! 😊
